Ko te mea nui i roto i tenei whakahaere ko te whakatopu i te Iwi, kia kotahi ai te tinana me te whakaaro ki te rapu i nga tikanga e tupu ai te Iwi i runga i te pai i te rangatiratanga me te whai rawatanga. Kia whanui ai hoki te titiro ki runga ki nga tikanga katoa e ahu mai ana i nga taumata nunui o te motu. Ma te topu o te Iwi, ka mutu te ngaungau me te taututetute, katahi ka whanui te titiro ki nga tikanga katoa pa ana ki te iwi.

Of prime importance in this arrangement is the amalgamation of the people, to be one in thought and deed, to find ways by which the Iwi can grow, can benefit [from that growth] with their rangatiratanga [intact], and can prosper. To be able also to see the breadth of opportunities in areas of national importance. Through the amalgamation of the Iwi, argument and dissension will cease, resulting in a breadth of vision in Iwi activities of benefit to the Iwi.

# STRATEGIC DIRECTION

THERE ARE FOUR KEY POU THAT THE  
MANIAPOTO MĀORI TRUST BOARD ARE  
COMMITTED TO AND ENCOMPASS MANA  
RANGATIRATANGA. THESE ARE

MANIAPOTO

TAIAO

TĀNGATA

TAHUA

## TE MANA WHATU ĀHURU

THE FABRIC THAT WEAVES OUR IWI AND HAPŪ  
UNDER LEADERSHIP THROUGH GENERATIONS  
PAST

We are creating a path of Kahikatea, the tallest of our rākau, to guide our way across the dense forest. They will be beacons, landmarks, to enable our whānau to move forward together through the ngāhere.

Hāpaitia te ara tika pumau ai te rangatiratanga mō ngā uri whakatupu.  
Foster the pathway of knowledge to strength independence and growth  
for future generations.

# PŪRONGO TIAMANA

## CHAIRMAN'S REPORT

*Me wehi ki te Atua ko ia te tīmatanga, ko ia te whakamutunga o ngā mea katoa. Me whakahōnore tō tātou Kīngi Tuheitia, ko te whare Kāhui Ariki, me te wharenuī o Potatau. Paimārire ki a rātou. Ki ngā tini Aitua, kua wehi ki te pō, haere, haere. No reira e ngā mate huhua, moe mai rā, ko rātou te hunga mate ki a rātou, tātou te hunga ora ki a tātou.*

*Condolences and deepest sympathies to the many whānau who have lost loved ones over the past year. Moe mai rā i roto i ngā ringaringa o te Atua. Haere rātou ki a rātou, tātou ki a tātou. Paimārire.*

Throughout the past year we have continued to focus on progressing significant milestones achieved on behalf of, and for our people. The Board have continued improving existing initiatives that support the aspirations of our people whilst maintaining and advancing our strategic goals, in particular within the Maniapoto settlement space.

Negotiations with the Crown to settle Maniapoto's historical Treaty of Waitangi claims have continued to progress under an intense work programme in order to achieve the best outcome for our people. MMTB trustee, Glenn Tootill also joined the team alongside Mook Hohneck as negotiator. Mook's fixed term contract has since come to an end, and the Board would like to acknowledge the significant contribution he has made over the past three years and wish him all the best in his future endeavours. Negotiations continue with the Crown while the team aim to maximise the settlement package as best as possible.

# MANIAPOTO MĀORI TRUST BOARD

The Board hope to initial a Deed of Settlement (DOS) on behalf of Ngāti Maniapoto me ōna hapū maha, by June 2020. Following this, ratification will be required from our people to support the DOS and Post Settlement Governance Entity (PSGE) trust deed. Both of these will need the endorsement of our people. Without ratification, neither will be able to progress. Kotahitanga is paramount during these significant times. I strongly encourage all to get involved, engage and participate in hui kanohi ki te kanohi or via our online platforms. Your input and feedback is key in achieving our aspirations for the future generations.

I also wish to acknowledge our hapū, marae, and whānau who have passionately contributed to the progression of our Treaty Settlements process together with the Kaumātua Kaunihera and members of the Strategic Negotiations Advisory Team. Ngā mihi nui ki a koutou.

The Taonga Register continues to grow along with our taiao projects. Our primary responsibility as kaitiaki are to support and enable our Maniapoto whānau to exercise their mātauranga, their kaitiakitanga to restore and protect our rivers, streams and wetlands.

The Tribal Register has also had a great year with growing iwi membership and numbers. As at September 2019, the Tribal Register reached a total number of 24,500 iwi members. Over the last three years there has been an increase of 4,318 members. The Register also enables us to keep our people informed through direct pānui updates, encourage those that are yet to register to please do so.

Other significant initiatives that occurred over the past year include:

- △ The 2019 Inaugural Kawenata Awards - Ngāti Maniapoto me ōna hapū maha, to celebrate and recognise the significance of both the Kawenata and the people of Ngāti Maniapoto me ōna hapū maha. I congratulate the committee and volunteers who

made this event such a success.

- △ Te Nehenehenui Tribal Festival 2019, in its 6th year running, took a particular focus on the theme of Te Ara-o-Tūrongo, Te Ara Rerewē, the same year that Benneydale changed to a dual name 'Maniaiti/Benneydale' and the main trunk railway between Te Awamutu and Taumarunui, now named 'Te Ara-o-Tūrongo'. Acknowledgements to all involved.
- △ "Ngā Tamariki o Rereahu" booklets (written by members of Mātauranga Advisory Group and illustrated by Annabelle Waugh) was presented during Whīkoi mō Te Reo 2019 at the Les Munro Centre in June. The recently published series of nine Early Childhood Education (ECE) booklets focus on building an understanding and knowledge of ngā kōrero tuku iho for tamariki, whānau and teachers to learn about their tūpuna and be able to pass the historical kōrero on to future generations.

I would also like to thank the many other rūpū across the rohe who work tirelessly for the benefit of our iwi including:

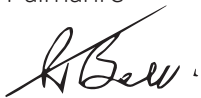

- Δ Ngāti Maniapoto Marae Pact Trust
- Δ Our Regional Management Committees
- Δ Taumarunui Community Kōkiri Trust
- Δ Our Kōhanga Reo

Rangatiratanga is one of the core kaupapa values of the Board and to acknowledge the leadership of Chief Executive Officer Sonya Hetet whose role came to an end in December 2019. The Board have appreciated Sonya's significant contribution during her ten year tenure here at the Board, particularly the last two years as CEO. She has guided the organisation further towards the development of a new governance entity for Ngāti Maniapoto me ōna hapū maha.

In closing, I acknowledge, my fellow Board trustees, former CEO, Sonya Hetet and Board staff for their invaluable guidance and unending commitment to the mahi that has advanced our iwi aspirations.

Thank you to all those that attended hui, engaged and shared whakaaro. These valuable insights will help guide and shape a path forward together for our people for generations to come.

Paimarire

R.Tiwha Bell – Chairman

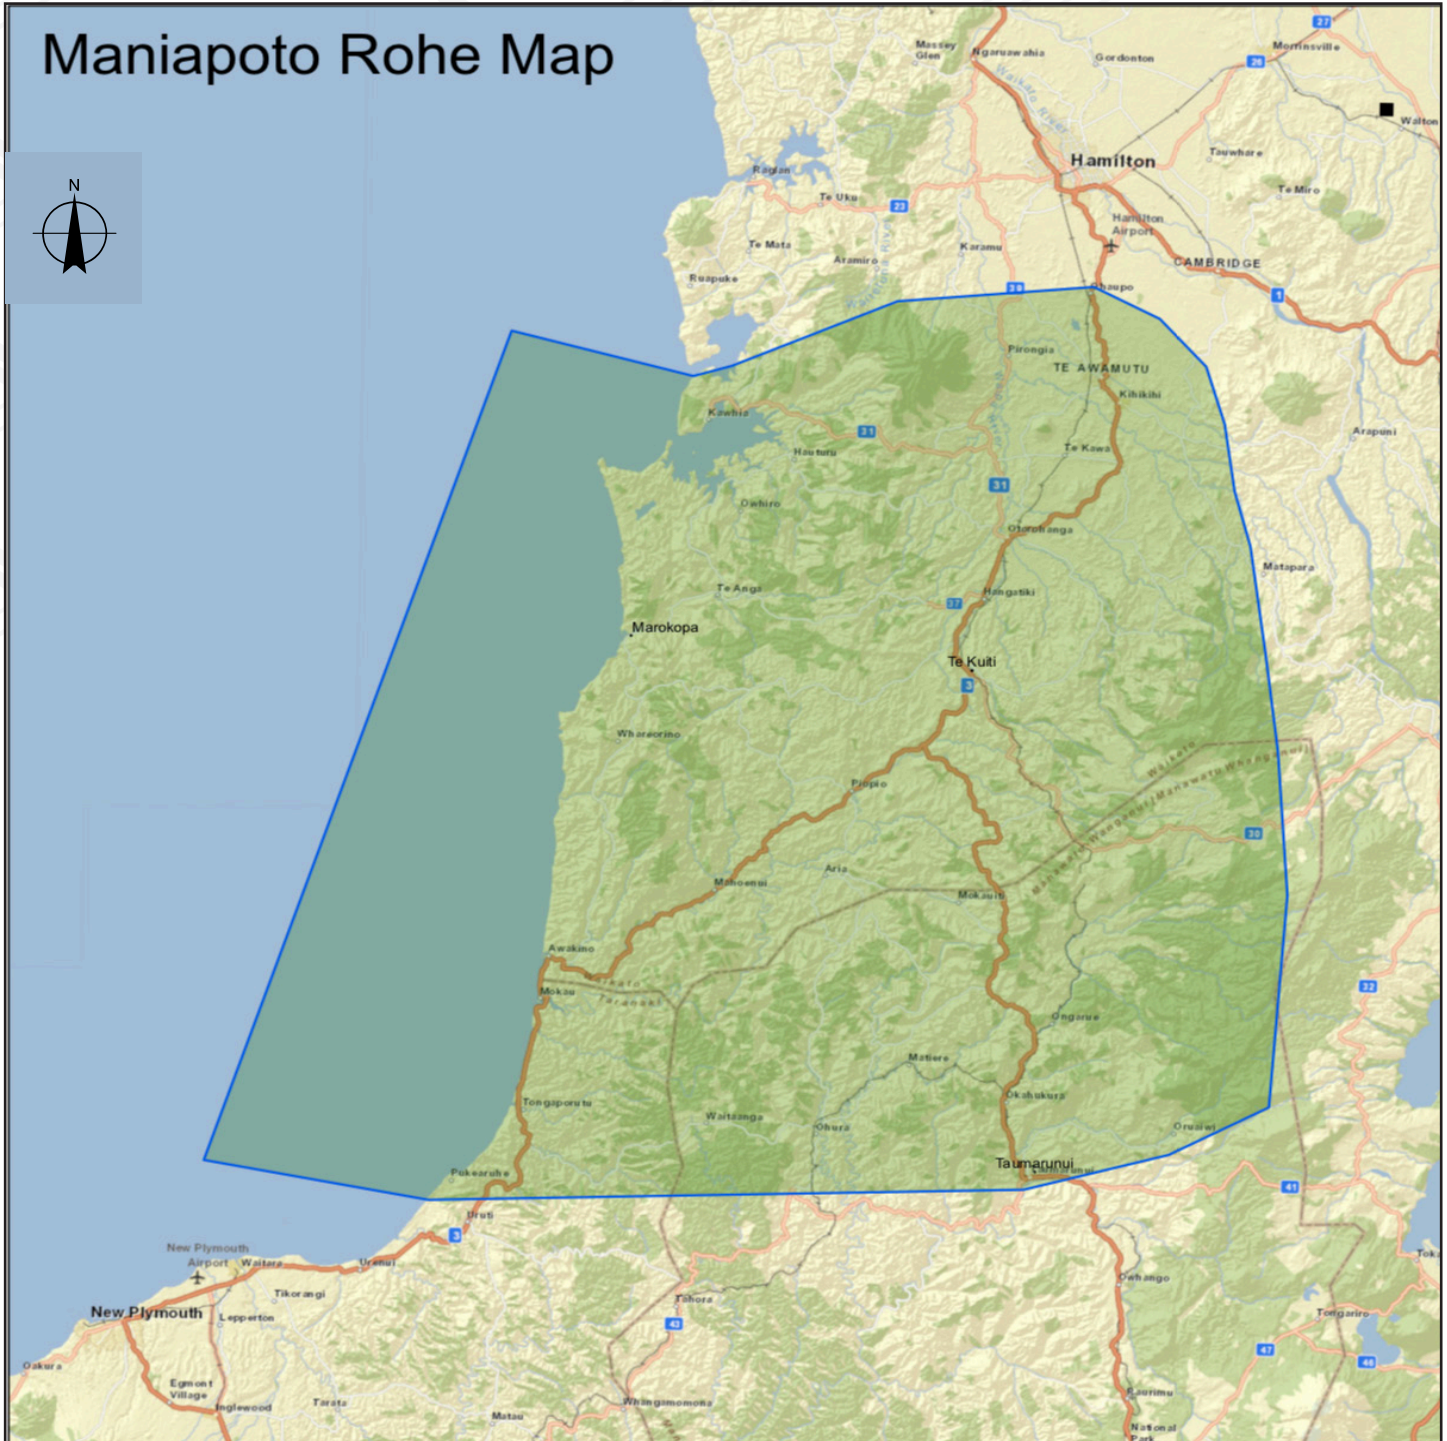

Ko te marae o Hine e kore  
e pikitia e te tauā.

*The haven of Hine (Te Rongorito)  
where peace prevails.*

# MANIAPOTO ROHE AND MARAE

The rohe boundaries are Raukūmara in the north to Waipīngao Stream and Taumarunui in the south and the Wharepūhunga and Hauhungaroa ranges in the east.

This map is indicative rather than definitive, and is the map that the Maniapoto Māori Trust Board uses as a reference for its mahi.

The rohe covers approximately 800,000 hectares which is 3% of Aotearoa.

Within the rohe there are 1531 Māori land blocks that collectively cover an area of approximately 80,000 hectares - 10% of the rohe.

## Ngā Marae

● Hia Kaitupeka	● Nga Hapu Ohura	● Te Korapatu
● Hiiona	● Oparure / Waipatoto	● Te Kotahitanga
● Kahotea	● Paemate	● Te Koura
● Kakepuku Papakainga	● Peetania	● Te Kumi
● Kaputuhi	● Pohatuiri	● Te Mahoe
● Ko Te Hokingamai ki te Nehenehenui	● Pūrekireki	● Te Miringa Te Kakara
● Mana Ariki	● Rakaunui	● Te Piruru
● Mangapechi	● Rereamanu	● Te Rongoroa
● Mangarama	● Tane Hopuwai	● Te Kūiti Pā
● Mangatoatoa	● Tarewaanga	● Tokikapu
● Maniaroa	● Te Ahoroa	● Tokopiko
● Mirumiru	● Te Hape	● Tomotuki
● Mōkai Kāinga	● Te Ihingarangi	● Turitea
● Mōkau Kohunui	● Te Kauae	● Tuwhenua
● Mokoroa	● Te Kawau Papakainga	● Waipu
● Motiti	● Te Keeti	● Whakaaro Kotahi
● Napinapi	● Te Kopua	● Wharauora

This Maniapoto marae list is sourced from the Māori Trust Boards Regulations 1985.

There have been some additions and corrections to marae names and the list is subject to change.

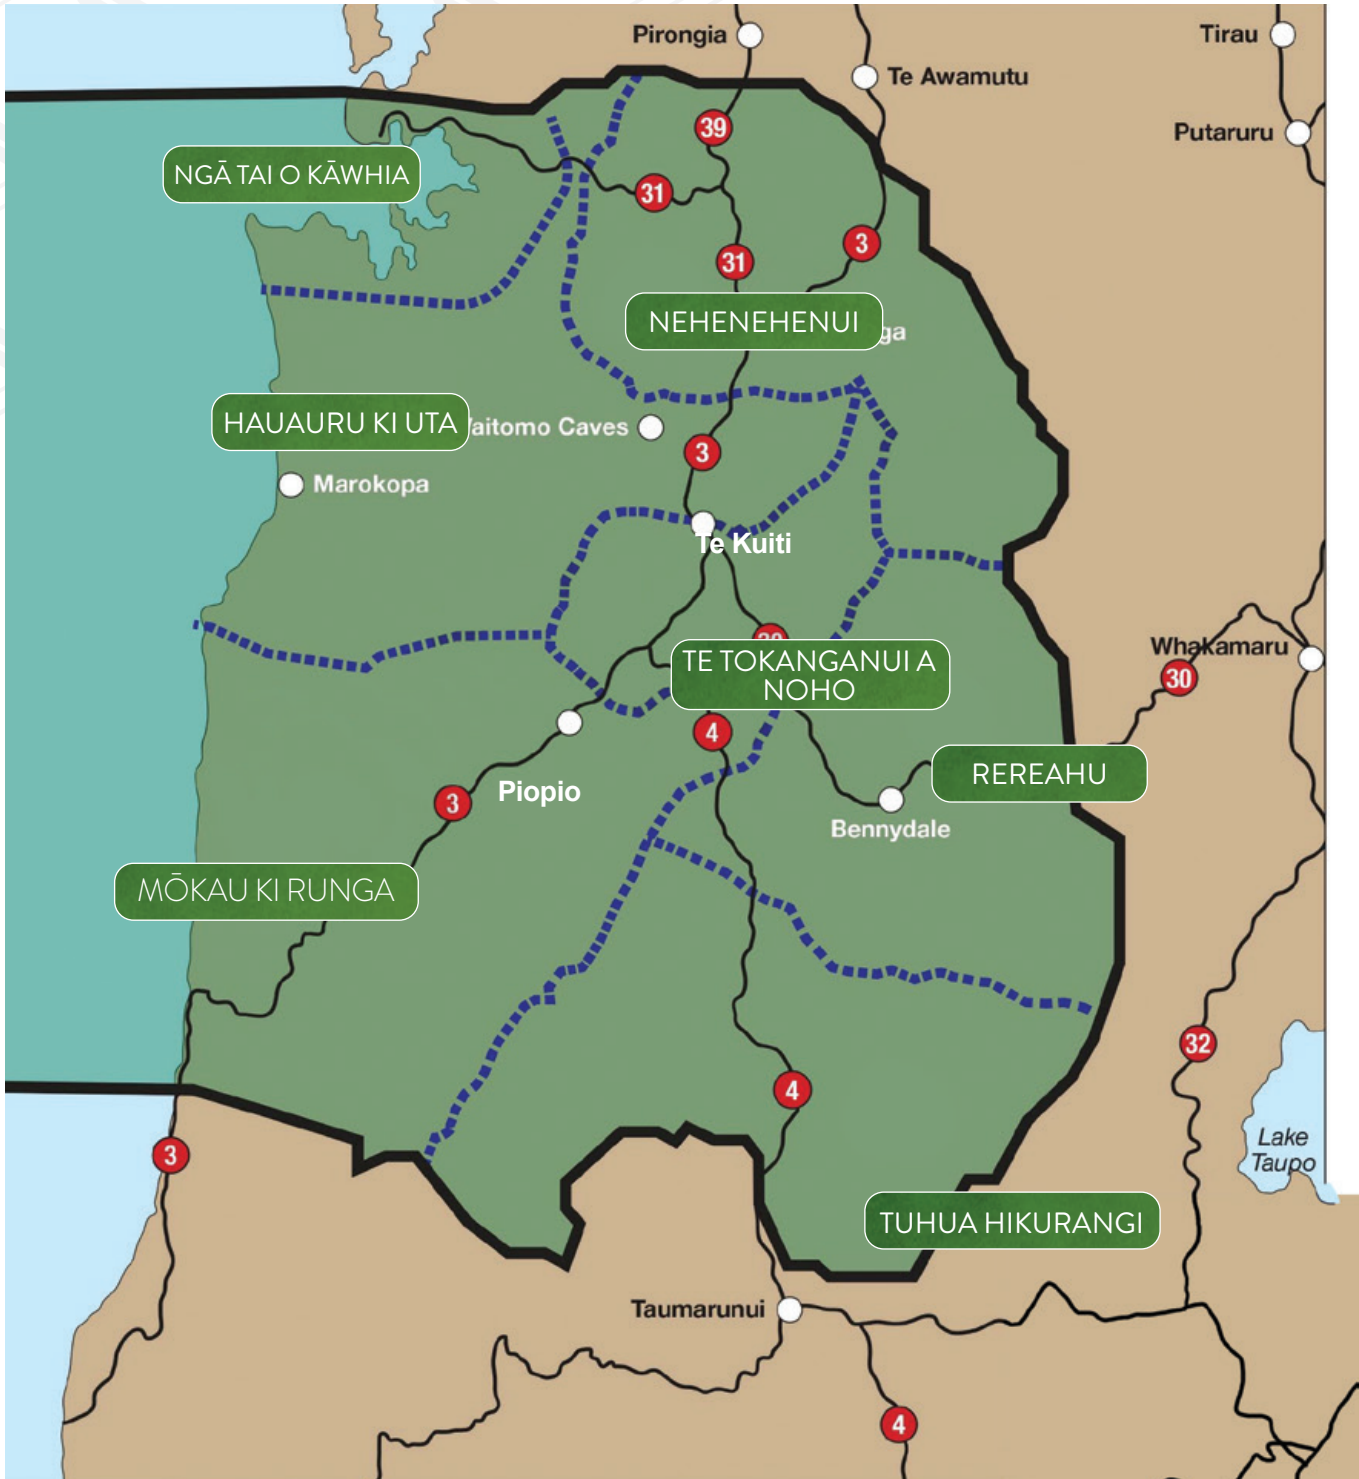

This list has matured with changes since inception in 1985.

## REGIONAL MANAGEMENT COMMITTEES

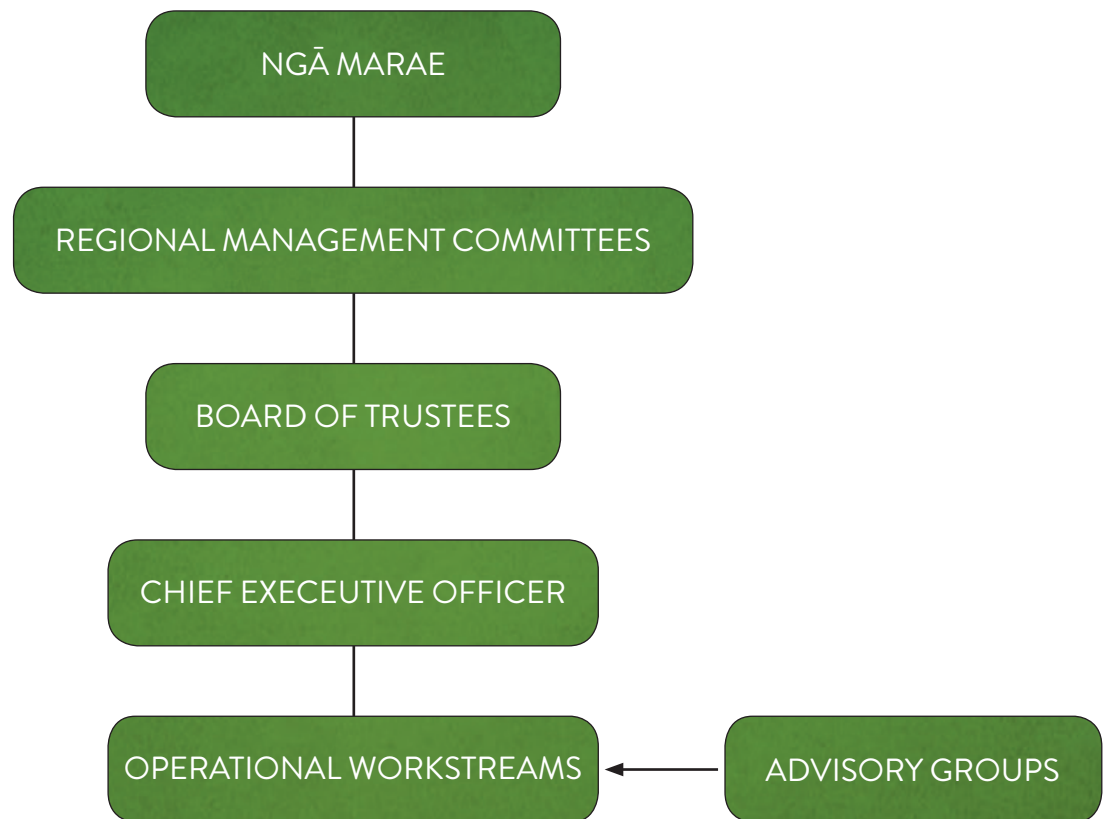

There are 7 regional management committees (RMC's)

Each RMC is made up of two representatives from each of the marae in their RMC  
The main purpose of an RMC is to appoint one representative to the MMTB Board of

# ORGANISATION STRUCTURE

## BOARD OF TRUSTEES

- △ The Board is made up of 15 Trustees:
- △ Seven trustees are appointed by the seven MMTB regional management committees (RMCs)
- △ One appointment per RMC
- △ One trustee is appointed by the Kaumātua Kaunihera
- △ One trustee is appointed by Kīngi Tūheitia and six trustees are elected by those eligible to vote on the electoral roll i.e. the tribal register

R. TIWHA BELL	Chairman - Kaumātua Kaunihera representative
KEITH IKIN	Deputy Chairman - Generally elected
BARNEY MANAIA	Nehenehenui RMC representative
BELLA TAKIARI-BRAME	Generally elected
DANIEL TE KANAWA	Generally elected
DEREK WOOSTER	Generally Elected
GLENN TOOTILL	Generally elected
JOHN KAATI	Ngā Tai ō Kāwhia RMC representative
MIRIA TAUARIKI	Te Arikiniui representative
MUIORA BARRY	Mokau Ki Runga RMC representative
RAY WI (LEAVE OF ABSENCE)	Rereahu RMC representative
RONNIE TAKEREI	Hauauru ki Uta RMC representative
TAME TUWHANGAI	Tuhua Hikurangi RMC representative
WEO MAAG	Te Tokanganui-a-noho RMC representative

## ADVISORY GROUPS

From time to time there is a need to bring together a group to provide advice regarding a specific kaupapa. During the reporting year there were two advisory groups.

### TE MANA TAIAO ADVISORY GROUP

BARNEY ANDERSON	MUIORA BARRY
ROBERT CHASE	WAYNE HOUPAPA
WAYNE JENSEN	JOHN KAATI
BOB KOROHEKE	WEO MAAG
GABRIELLE MORGAN-LOGAN	FAYE ONEHI
PETER POU	RORE STAFFORD
GINGER TE KANAWA	DONNA TUWHANGAI
TAME TUWHANGAI	DEREK WOOSTER
MOERA HUGHES	

### STRATEGIC NEGOTIATIONS ADVISORY TEAM (SNAT)

MUIORA BARRY	TIWHA BELL
ERIC CROWN	RANGIMOEKE HOUPAPA
JOHN KAATI	BOB KOROHEKE
ROVINA MANIAPOTO-ANDERSON	GABE MOANA
RORE STAFFORD	MIRIA TAUARIKI
DAN TE KANAWA	

## STRATEGIC FOCUS

Operational teams are tasked with achieving specific annual goals as outlined in our 2019-2024 Strategic Plan. These priorities are made up of four key Pou, guided by Maniapoto tikanga and the vision and aspirations of our Maniapoto whānau:

The Corporate Services team is also a key operational component that provides Secretariat, IT, HR, Communications, Financial Management & Reporting, Regulatory and Compliance, Fixed Asset & Property Management services across the organisation and on occasion to other organisations.

# 2018-19 HIGHLIGHTS AND MILESTONES

## MANIAPOTO:

MAINTAIN AND STRENGTHEN OUR  
REO TO REACH OUR FULL POTENTIAL:

- △ Whikoi mō te Reo
- △ Matariki Celebrations
- △ Promotion of 'Te Nehenehenui – Te Kawenata o Ngati Maniapoto me ōna hapū maha'

SUPPORT AND EMPOWER  
MANIAPOTO MARAE:

- △ Trust Waikato marae capacity building workshops (x3)
- △ Community Waikato marae capability workshops (x5)

# 14

Maniapoto marae have either just completed or in the process of completing major building construction

## TAIAO:

SUPPORT AND ENABLE OUR  
MANIAPOTO WHĀNAU TO  
EXERCISE THEIR KAITIAKITANGA,  
MANA WHENUA, MANA WAI  
WITHIN THEIR ROHE:

- Δ Co-governance hui:
  - o Joint Management Agreement held at Te Kopua Marae
  - o Ministerial Forum held at Lake Karāpiro

- Δ Submissions:
  - o Healthy Rivers Wai Ora Plan Change 1
  - o Conservation Amendment Bill
  - o Draft Minerals and Petroleum Resource Strategy for Aotearoa 2019-29

- Δ Workshops:
  - o RMA 101 with Ministry for the Environment
  - o Bio-security with Te Tira Whakamataki

- Δ Wānanga:
  - o Development of Cultural Assessment Framework x 3
  - o Stream Health Monitoring Assessment Kit x 2
  - o Tuna Monitoring x 2

- Δ Restoration project:
  - o Installed fence and gate surrounding the Puna at Haurua
  - o Planted 2,740 native plants
  - o Installed seating and picnic table

- Δ Activated the Upper Waipā River Integrated Management Plan (UWRIMP)

- Δ Completed legislative review and implications for the UWRIMP

- Δ Launched Manga-o-kewa Cultural Health Indicator App with Te Korapatu Pā

## TAIAO:

### SUPPORT AND ENABLE OUR MANIAPOTO WHĀNAU TO EXERCISE THEIR KAITIAKITANGA, MANA WHENUA, MANA WAI WITHIN THEIR ROHE:

- △ Secured co-funding to implement Cultural Assessment Framework in the Waipā Catchment
- △ Appointment of Maniapoto representative to Te Awa Tupua/Te Kopuka
- △ Contribution to development of Te Heke Ngahuru Strategy
- △ Influenced RMA planning and decisions affecting Maniapoto marae and hapū
- △ Published research article in the New Zealand Ecological Society Journal - <https://newzealandecology.org/nzje/3391>
- △ Supported the opening of the Maniapoto Whānau Community Health Centre

- △ Submitted article for the second edition of Te Reo O Te Repo - <https://www.landcareresearch.co.nz/publications/books/te-reo-o-te-repo>
- △ Secured co-funding to implement restoration of oxbows in Otorohanga

# 231

sites submitted to Waitomo District Council for inclusion into the Operative District Plan

- △ Convened a hui to glean Iwi input into the Sub-Regional Waikato Economic Action Plan
- △ Convened (x3) hapū hui to build capability for the Ō-Rākau Battle Site return
- △ Supported the transfer of the carved taonga Maniapoto of Daniel Ormsby from the Hamilton Museum to the Wharekura o Maniapoto

## TĀNGATA:

CO-DESIGN WITH THE CROWN  
THEIR RESPONSIBILITIES, AND  
MONITOR THE DELIVERY OF OUR  
SOCIAL, EDUCATION AND HEALTH  
SERVICES FOR MANIAPOTO  
WHĀNAU:

- △ Early Childhood Education (ECE)  
Matariki play day at Centennial Park  
School

# 3

whānau events including Matariki Show  
for whānau, Halloween disco and end of  
year trip to Te Kūiti Pools

- △ Professional development for staff  
including Numeracy and Literacy,  
Leadership, Cooking, Learning stories,  
Intentional teaching
- △ Attended Waiwaiā Kapa Haka at  
Te Wharekura o Maniapoto

- △ Rangatahi Wānanga: He Kōwharawhara  
2019 held at Napinapi Marae.

# 52

fulltime tamariki enrolled at Te Pukeiti Early  
Childhood Centre (TPECC)

- △ Development of Co-Design approach  
to explore and identify the best way  
possible delivering services to Maniapoto  
through Maniapoto Treaty Settlement  
Negotiations

# 6

Video Updates/ Live Q&A's and Streams

# 2

Iwi Surveys

## TĀNGATA:

PARTNER AND CO-INVEST WITH THOSE WHO ARE ALIGNED WITH OUR SHARED STRATEGIC INTENT AND ASPIRATIONS:

- △ Co-invested with Ministry of Education Waikato Regional Office and other Tainui iwi in quarterly hui to progress Iwi Mātauranga Māori aspirations
- △ Partnered with Ministry of Education Waikato Regional Office and other Tainui Iwi to co-design the Tainui Tūwharetoa Iwi Priorities document and the Tainui Toikuranui funding programme
- △ Partnering with Maniapoto Kāhui Ako to strengthen the relationships between schools and their local marae by recognising mana whenua and their voice as the source for local cultural identity and to strengthen culturally responsive teaching practices in Maniapoto ECE and schools

## TAHUA:

- △ NZGB recommendations accepted by the Minister for Land Information for the following name changes/corrections:
  - △ Benneydale to Maniaiti / Benneydale
  - △ North Island Main Trunk Railway (within the Maniapoto area of interest) to Te Ara-o-Tūrongo
- △ Significant progress in development of historical account and statements of association
- △ Engagement with neighbouring iwi/hapū groups regarding negotiation matters
- △ Continued to develop the detail of redress outlined in the Agreement in Principle (signed in 2017)
- △ Glenn Tootill appointed as negotiator alongside Mook Hohneck
- △ Two Urgency Hearings held
- △ Relationship redress and agreements continued
- △ Engagement with local government and Crown agencies
- △ 20 Iwi-wide Engagement hui held

Ahakoā he iti te kapua  
ka ngaro te Rā

*Although a cloud can be small,  
it can shield the Sun. (nā Te Ōtapeehi)*

# TERTIARY SCHOLARSHIPS

## SISTER GRACE SCHOLARSHIP

Te Ārita o Ringahora Allen (Ngāti Apakura), a product of Māori tertiary education systems such as Ngā Taiātea Wharekura, has continued to explore her cultural identity through her studies with He Korowai Akonga: Degree in Teaching Primary Level 7 (Year 1) at Te Wānanga o Aotearoa.

Identifying education as a major access point for all ages, Te Ārita believes that education allows people of all ages, particularly in Maniapoto to seek and gain skills that are needed to excel and gain a greater sense of self and to prosper as Ngāti Maniapoto whānui.

“Our cultural heritage is the biggest foundation on how we as Māori, actively participate within the community and integrating our values with others to better live for ourselves and our people” says Te Ārita.

”

Sister Grace Scholarship has distributed \$45,000 to date.

Amai Tahu (Ngāti Paretekawa, Ngāti Waioira, Ngāti Rahurahu) has completed his first year of studies towards He Korowai Akonga: Bachelor of Education (Primary Education) Level 5 program at Te Wānanga o Aotearoa. The Te Kūiti Primary School Haka Teacher has a passion for contributing to and empowering our tamariki through Māori performing arts teaching systems that build the capability of the next generation in Maniapoto values of manaakitanga, kotahitanga, and aroha.

“Me whakaatuhia ai taku ao, me rongorongo katoatia ai te iwi i aku tōmina, taku kaha ki te manaaki te whakatupuranga mai a ngā tamariki mokopuna kei ngā mahi a Tāne Rore, a Hine Rēhia, ko te ao a Rēhua. Me mōhio ake, ko rātou ngā kākā tarahae o āpōpō, mei kore ko rātou, e kore rawa ahau.” says Amai.

”

## GRAYMONT (NZ) LIMITED SCHOLARSHIP

Tanirau Manawaiti (Ngāti Rōrā), 2018-19 Graymont (NZ) Limited Scholarship (\$1000) recipient, has just completed his first year of study towards a Bachelor of Technology (Environmental Technology) at Wintec (Waikato Institute of Technology). Tanirau has always believed that it is important that whānau and the community are involved and should look to take up Applied Science to achieve increased positive outcomes for Ngāti Maniapoto in the area that associates to kaitiakitanga and the taiao.

“

*“I believe that we must get things right in our own backyard first, then success may breed success as positive outcomes can be shared after thorough and tested application locally.” states Tanirau.*

”

Abbey Huriwai (Ngāti Rōrā, Ngāti Kinohaku) has completed her first year of studies towards a Bachelor of Science double majoring in Environmental Science and Ecology and Biodiversity at Te Whare Wānanga o Waikato. Taking interest in environmental sustainability and the damaging impacts facing our taiao, Abbey would like to use her knowledge to assist in improving Maniapoto waterways and native habitat throughout Aotearoa.

“

*“Last year I took part in a project for change within NZ single-use plastic waste, myself and friends/students challenged Mc Donald’s to adopt a “straw on request policy” nationwide. By October 2018 Mc Donald’s announced they would transition to this policy. I learned skills on how to interest large volumes of people via social media and engagement of youth which would be beneficial for community projects ” says Abbey.*

”

will shine bringing its warmth and enlightenment.*

# TRUSTEE REPORT

## 2018-19 MANIAPOTO FISHERIES TRUST

The Maniapoto Fisheries Trust Group consists of the Maniapoto Fisheries Trust (MFT) and its wholly owned subsidiary, Te Kupenga o Maniapoto Limited (TKoML).

The Group is responsible for managing the Maniapoto fisheries assets that were allocated and transferred to Maniapoto in March 2007, as a result of the Treaty of Waitangi Maniapoto Fisheries Settlement, which concluded in 2004.

The settlement assets comprised of Annual Catch Entitlement (ACE) fishing quota, Income Shares in Aotearoa Fisheries Ltd and cash. The cash (\$1,219,825.75) was vested in the MFT whilst the ACE fishing quota and AFL shares (4,543) were vested in TKoML.

MMTB Trustees appointed as representatives on TKoML are Bella Takiari-Brame and Glenn Tootill since July 2015. Current directors of TKoML are

Chris Koroheke, Naomi Hughes and Hohepa Rauputu. We would like to acknowledge Willie Wetere for his contribution to TKoML over the years as director. His vast skills and knowledge have been invaluable. Ngā mihi nui ki a koe.

The charitable purpose of the Maniapoto Fisheries Trust has remained constant in the 12 years since it was established:

To receive, hold, manage and administer the Trust Fund for every Charitable purpose benefiting Maniapoto whether it relates to the relief of poverty, the advancement of education or religion or any other matters beneficial to the community of Maniapoto and all the members of Maniapoto irrespective of where those members reside.

# CHARITABLE GRANTS

The MFT provides annual charitable grants based upon meeting the following key charitable objectives

- △ Relief of poverty for the benefit of Maniapoto iwi.
- △ The advancement of education or religion for the benefit of Maniapoto iwi.
- △ Any other matters beneficial to the community of Maniapoto and all the members of Maniapoto irrespective of where those members reside.

There are several different charitable grants available. The following grants were distributed during the 2018-19 financial year:

# 18

Wellbeing, Cultural and Health Group grants

# \$10,000

Marae grants distributed (see additional information)

# 116

Early Childhood Grants

# 559

Primary grants

# 366

Secondary grants

# 253

Tertiary grants

Schedules of all charitable grants distributed during 2018-19 are included in the additional information section of this report. I encourage you to contact our office if you have any rangatahi, kapahaka and/ or kaumātua events planned during this year. We have set aside dedicated grant pools to support these areas.

# TRIBAL REGISTER

The Maniapoto Māori Trust Board (Māori Trust Boards Act 1955) and Maniapoto Fisheries Trust (Māori Fisheries Act 2004) are required to maintain a database of registered beneficiaries who whakapapa to Ngāti Maniapoto me ōna hapū maha.

We refer to the database as the Maniapoto Tribal Register.

As at September 2019, the Tribal Register had 24,500 members (2018: 22,879). This is an increase of 1,621 members over the past 12 months.

The 2013 Census NZ statistics note that 35,358 of Māori in Aotearoa identified as Maniapoto. The figures also tell us that over 80% of the Maniapoto population live outside of the rohe, and that does not include the many tribal members who live abroad, particularly in Australia.

All descendants of Maniapoto are encouraged to register on the Maniapoto Tribal Register. By doing so, you have the right to stand as an MMTB Trustee, cast votes at MMTB Triennial Elections, cast votes for Iwi special resolutions, be eligible to apply for annual Grants or Scholarships and participate in MMTB activities.

Tribal Registration forms can be obtained by mail, visiting our office, or using the online registration form.

If you believe you are registered with us or want to do a registration check or update to your record, or experience any issues completing your registration, please call and speak to Marissa Campbell.

- **Office:** 0800 668 285 or 07 878 6234

- **Post:** Matawhaiora Building  
P O Box Te Kūiti, 3941
- **Visit:** 49 Taupiri Street, Te Kūiti 3910

## REGULATORY REPORTING REQUIREMENTS

As a mandated iwi organisation the MFT is required to report on specific activities relating to its fisheries settlement assets. No settlement quota has been traded or exchanged during 2014-15. No interests have been registered over settlement quota. No income shares held in Aotearoa Fisheries Ltd have been sold, acquired or exchanged during 2018-19. Further to this there have been no changes to the constitutional documents of the MFT or TKoML.

Ko te waha i nui, he iti te tangata.  
*Vocally impressive is the man of small stature.*

# TE WAIHĀPUAPUA WĀNANGA REO 2019 KI TE NEHENEHENUI SETS OFF IN ŌTOROHANGA

“Whakahokia te reo mai i te mata o te pene, ki te mata o te arero” – Te Wharehuia Milroy

Te Rautaki Reo a Te Nehenehenui was developed by the Maniapoto Māori Trust Board in 2009 and officially launched and handed to Te Reo Irirangi o Maniapoto at the Kawau Mārō Hui ā-iwi in 2016 with the purpose of revitalising te reo o Maniapoto, te reo o Te Nehenehenui. Local activities and events like Whīkoi mō te Reo, Annual Kapa Haka Festivals, and local wānanga ā-hapū, ā-whānau continue to advocate the awareness and development of Te Reo revitalisation in Maniapoto.

Te Reo Irirangi o Maniapoto continues to develop the reo within the iwi by bringing Te Waihāpuapua Wānanga Reo ki Te Nehenehenui for a third consecutive year as it was initiated in 2017. Acknowledging the support provided by Te Mātāwai, there is a gateway for Maniapoto to flourish and to strive through innovative and collaborative projects such as this.

The first of four wānanga in 2019 took place in Kāingarua, Te Kāreti o Ōtorohanga, which provided the descendants of Te Nehenehenui a space to reinvigorate and revitalise our language, culture and identity that is uniquely ours and to ensure that it survives into the future.

Four wānanga have been held each year between March and June to coincide with the blossoming and inflorescence of the Koroī berry on the Kahikatea tree. The Kahikatea is one of the key metaphors for the revitalisation of te reo o Ngāti Maniapoto.

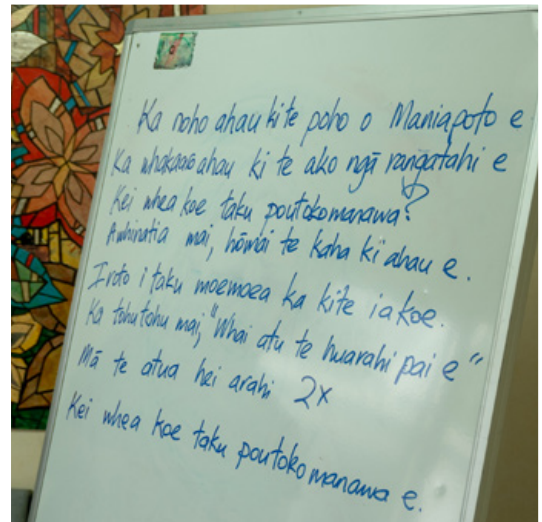

Te Reo within Te Nehenehenui is in an unsafe state, according to the 2013 census, 35,358 people, or 5.3 percent of the total population of Māori descent, affiliate with Ngāti Maniapoto. Within that statistic, 25.9% could hold a conversation about everyday things in te reo Māori.

Wānanga are facilitated and guided by reo specialists such as Doug Ruki, Okeroa Waitai, Hariru Roa, Te Aturangi Stewart, and Te Ingo Ngaia who stood as teachers for the first wānanga in 2019. There is a strong sense of confidence in the ability of the Iwi as they deliver content which is Maniapoto centric and aligns with the iwi reo revitalisation strategy. This endeavour to revitalise our ancestral treasure is reinforced by focusing on developing the three learning levels known as Kākāmutu, Mātaiata, and Mātaiwhetū.

Not only did the tribal language course dissect traditional songs from “Tera te uira” to the contemporary “Kua tinga te ngārara”, but they explored Te Reo Huahuatau o Ngā Tūpuna and Ngā Kupu Whakanikoniko.

Many of the participants comprise largely of Ngāti Maniapoto affiliates who reside in urban and offshore places, though it is hoped that all participants will utilise these wānanga as a medium to further foster, grow, and feed te reo within their own personal spaces.

# TE NEHENEHENUI TRIBAL FESTIVAL 2019 HIGHLIGHT TE ARA-O-TŪRONGO, TE ARA REREWĒ

Te Nehenehenui Tribal Festival 2019 kicked off at Piopio College in Te Piopiotanga o te Rīwai. In its sixth year running, over 200 performers took the stage with particular focus on the theme of Te Ara o Tūrongo, Te Ara Rerewē.

Its purpose is to support everyone to speak and strengthen tikanga, karanga, haka, and to build our paepae across Ngāti Maniapoto whānui. “Ko te kapa haka he waka hei kawe i ngā korero, hei kawe hoki i ngā mahi nei ki tua” states Doug Ruki.

With the selection of Te Ara-o-Tūrongo, the symbolical Main Trunk Line, it creates a pathway for all to become aware and to learn the history within Ngāti Maniapoto. It was also selected because it aligns with what our iwi are doing at this present time with regards to the Maniapoto settlement. Therefore, there was particular focus on some of the significant events that occurred at that time.

One of which is the time of the turning of the first sod for the railway line.

Another, was when Te Rohe Pōtae was reopened and people were permitted on the roads once again. Having a purpose that aligned with the iwi drew in large crowds that saw over 200 participate on stage. It also saw three new teams entering the competition that started in Te Piopiotanga o te Rīwai in 2014.

Te Wharekura o Ngā Purapura o te Aroha from Te Awamutu, Te Kotahi a Maniapoto who performed at the Secondary Schools Tainui Kapa Haka Regionals and Ngā Uri Whakatupu o Oparure who brought together whānau from Ngāti Kinohaku.

Category results from the day:

*Karanga Tamariki: Te Wharekura o Maniapoto - receiving the Manutūkē award.*

*Karanga Rangatahi: Te Wharekura o Ngā Purapura o te Aroha - receiving the Mahuru award*

*Karanga Pakeke: Te Kapa Haka o Ngā Pua o te Kōwhara - receiving the Moroiti award*

## “Te Ara-o-Tūrongo, Tikitiki! Orapōta!”

*Tihei mauri ora.*

Te Kupenga o Maniapoto Limited (Te Kupenga) takes pleasure in providing its Chairman's Report for the year ended 30 September 2019.

The 2018/19 financial year was a challenging period for the company. The year began with hoki quota owners agreeing, to “shelve” 20,000 tonne of hoki annual catch entitlement (ACE) off the Western stock, affecting the hoki ACE available to Te Kupenga for the year. At the same time, the company's investment portfolio began incurring negative unrealised gains resulting in its value declining by 8.5% in the first quarter ended 31 December 2018.

Further, catching issues for hoki in the Hokitika trench and orange roughly in Fish Management Area 1 (FMA 1) affected ACE sales and related profit shares. However, there was no lack of effort and we remained committed to meeting the challenges faced, as effectively as possible, under the circumstances.

### Financial outcomes

Against this back drop, Te Kupenga is pleased to report that we achieved a profit for 2018/19 of \$937,031 compared with a budget of \$839,000 resulting in a favourable variance of \$98,000 for the year.

The favourable variance was realised due to higher than budgeted earnings from the following sources being higher than the deficits incurred in others:

- △ ACE sales - \$38,000;
- △ ACE sales profit share - \$70,000; and
- △ Moana NZ (AFL) dividend - \$57,000

Regrettably, interest income and net gains on investments were \$27,000 below budget. Selling, general and administration (SGA) expenses were \$47,000 higher than the budget.

Te Kupenga's Total Comprehensive Income for the 2018/19 financial year, which includes the effects of fisheries assets revaluations, was \$1.349 million.

### Te Kupenga Dividends

Since commencing business in March 2007, Te Kupenga has consistently operated profitably adding to the wealth of Maniapoto iwi and their investment in the company. Out of profits made, Te Kupenga has to date paid a total of \$7.112 million as dividends to Maniapoto Fisheries Trust (MFT), including the dividend of \$400,000 based on the company's performance for the 2018/19 financial year.

### Investing for the future

Te Kupenga's surplus funds, awaiting sustainable and prospectively self-managed investment opportunities, are invested in a managed investment portfolio, which was valued at \$3.576 million as at 30 September 2019.

# HIGHLIGHTS

The company has earned a shareholding in a dairy manufacturing facility being established in the rohe, which has prospects for our iwi members to benefit. It continues to take an active interest in select commercial opportunities, particularly those in the King Country, which have potential to provide socio-economic outcomes for iwi members.

We are confident that the positioning and outcomes achieved by Te Kupenga to date and in the year under review will hold us in good stead again over the next year and into the future for the benefit of MFT and our iwi members.

## Highlights

Highlights and the effects of challenges faced by Te Kupenga in the 2018/19 financial year are summarised below.

### 1.1 Financial outcomes Profit for the year

Te Kupenga achieved a profit of \$937,031 for the year compared with a profit of \$1,081,647 made in the previous year. This result was \$98,469 ahead of the target agreed for the year.

### Total comprehensive income

The total comprehensive income for the year was \$1,349,413 (2018: \$2,115,427). A revaluation gain on Te Kupenga's investment in Aotearoa Fisheries Limited (AFL) income shares of \$520,000 (2018: Gain of \$575,000) and a revaluation loss on quota of \$107,618 (2018: gain of \$458,780) accounted for the comprehensive income for the year of \$412,382 (2018: \$1,033,780).

Correspondingly, the value of Te Kupenga's investment in AFL income shares increased to \$4,900,000 (2018: \$4,380,000) and fish quota decreased to \$4,808,000 (2018: \$4,915,618).

### Revenue

Te Kupenga's revenue for the year was \$1.454 million (2018: \$1.602 million) representing a decrease of \$147,791 or 9.2%.

- △ As mentioned previously, the unavailability of some hoki ACE to the company due to "shelving", and hoki and orange roughly catching difficulties were responsible for a 2.3% decrease in ACE sales and related profit shares for the year to \$863,013 (2018: \$883,112). The revenue achieved, which represented 59.4% of total revenue, was nevertheless higher than the target of \$755,507;
- △ The AFL dividend received during the year of \$377,253 (2018: \$425,502) was higher than the budget of \$320,000; and
- △ Gross gains on the investment portfolio of \$201,937 (2018: \$288,624) did not meet the budget for the year of \$236,800.

### Profit shares on ACE supplied

Due to the abovementioned ACE decreases and catching difficulties, Te Kupenga's profit share income for the year reduced to \$274,954 (2018: \$376,975).

# HIGHLIGHTS

## Investment portfolio gains

ASB Wealth Advisory manages Te Kupenga's investment portfolio under a growth investment strategy. The objective of this strategy is to generate higher gross returns of 8.2% per annum, over the long term but accept that returns may be more volatile in the short term, compared to conservatively structured portfolios.

Consequently, the types of investments within Te Kupenga's growth portfolio are weighted 80% towards equities. Such portfolios can have the effect of incurring unrealised capital losses in periods of weak equity markets. The opposite is generally evident in periods when markets are performing strongly.

In the year to 30 September 2019, market performance was driven by rising uncertainty from the trade tensions between the US and China, "Brexit" and slowing economic growth. In particular, during 2018, the US Federal Reserve commenced raising interest rates. However, by early 2019, sentiment changed and with slowing economic growth, the Federal Reserve changed its outlook and began easing rates again.

The effects of the above were for Te Kupenga's investment portfolio valued at \$2.89 million as at 30 September 2018 to decline by 8.5% in the first quarter of the financial year. However, in the remaining nine months, gains made on it recouped the losses and achieved satisfactory results, although the budgeted gains for the year were not met.

Under the circumstances described above, Te Kupenga's investment portfolio derived net gains of \$183,598 representing a return of 5.1% against a target of 6.0% on the portfolio value at year-end. It had a market value of \$3.576 million as at 30 September 2019 (including \$500,000 transferred to it during the year), comprised of liquid assets convertible to cash in the short-term at prevailing market prices. Te Kupenga's investment portfolio has returned an annual average of 8.4% since it was established in September 2014.

## Returns on fisheries assets

Te Kupenga's operating profit for the financial year (after SGA expenses), derived on its quota and investment in AFL income shares, was \$724,834 (2018: \$795,694). This result represents a return on fisheries assets of 7.5% compared with 8.6% achieved in the previous year.

## Financial summary

Te Kupenga's summarised financial performance for the year compared with the targets agreed for it, previous financial year and targets for the next year are analysed in Section 4 of this Annual Report.

## Capital structure and liquidity

Te Kupenga shareholder's equity in the company increased from \$12.565 million at the beginning of the financial year to \$13.514 million as at 30 September 2019. Since establishment, Te Kupenga has not obtained any interest bearing debt to finance its operations or undertake expansion. It does not also have any financial facility arranged with its bankers or any other party currently.

The aggregate of key income generating assets comprising Te Kupenga's fish quota, investment in AFL income shares and investment portfolio increased during the year to \$13.284 million (2018: \$12.188 million). Increases in the fair value of its AFL income shares and value of its investment portfolio were the primary contributors to this increase. The reduced Total Allowable Commercial Catch (TACC) for hoki, effective from 1 October 2019, and therefore the earnings outlook for held quota impacted negatively on Te Kupenga's quota value as at 30 September 2019.

Te Kupenga's investment portfolio valued at \$3.576 million as at 30 September 2019 comprises of highly liquid assets, which can be converted to cash at prevailing market prices in the short-term.

# HIGHLIGHTS

## Te Puia Tapapa Investment Fund

Te Kupenga is a limited partner in Te Puia Tapapa Investment Fund (TPT) along with twenty five other iwi and Māori entities. It has committed to TPT in investing \$1 million of capital in conjunction with MFT, which has agreed to advance half of Te Kupenga's contribution (i.e. \$500,000). However, TPT has not yet made any capital drawdowns from its limited partners.

TPT has recently advised that it is in different stages of evaluating investment opportunities in conjunction with the NZ Super Fund in the financial services sector, a financial lending business and tourism sector. It has so far declined four opportunities in primary sector manufacturing, early stage mineral extraction (two opportunities) and land development.

Te Kupenga has settled its share of costs incurred and invoiced by TPT to date. These costs are included within Te Kupenga's investment management fees and deducted from its current investment gains.

## Local business opportunities

Te Kupenga continues to build and maintain relationships with the regional business and financial community including parties involved in the development of local business ventures. Four businesses or opportunities identified within the Rohe Potae having prospects for favourable socio-economic outcomes for iwi members are commented on below.

## Happy Valley Nutrition (HVN)

HVN (formerly Happy Valley Milk) is in the process of developing a dairy manufacturing plant in Otorohanga. The remaining water resource consents for the plant were obtained mid-2019 and ground works at the site are to commence in early 2020.

HVN is currently in the process of undertaking an Initial Public Offering (IPO) followed by a listing on the Australian Securities Exchange (ASX).

## Waitomo Hotels and Golf Course

Te Kupenga has shown interest and been involved in preliminary discussions on two prospective hotel ventures. Both projects have not advanced beyond their conceptual stage and await the attraction of suitable equity funding providers.

## Mussel spat farm – Kawhia/Aotea

Preliminary discussions are in progress with a number of Kawhia based lands trusts and iwi representatives keen on replicating the spat collection farm currently operating in Aotea harbour. There may be an opportunity for Te Kupenga to participate in this local venture after a more thorough investigation is undertaken by the interested parties.

Te Kupenga's association with the above projects is aimed at leveraging opportunities and benefits for Maniapoto iwi members.

## DIRECTORS

MFT appoints all directors of the company. Not more than 40% of the directors may be Board members of the shareholder at any one time.

Te Kupenga directors holding office during the 2018/19 financial year were:

Christopher Koroheke – Chairperson of the Board – Chris re-joined the Board on 20 March 2018 and was elected as its Chairperson in November 2018.

Bella Takiari-Brame – Bella is a MMTB / MFT Trustee appointed to Te Kupenga Board on 11 August 2015. She served as its Chairperson for three years prior to handing over the role to Chris. She was appointed to the Board of Te Ohu Kaimoana in July 2019.

Glenn Tootill - Glenn is also a MMTB / MFT Trustee. He was appointed to the Board on 29 September 2015.

Naomi Hughes – Naomi joined the Board as an independent director on 29 April 2016. Hohepa

## MANAGEMENT

Tony Magner serves as Te Kupenga's General Manager (GM). He is responsible for all operations and the technical, developmental, financial and administrative functions of the company in terms of a contract for services, which expires on 19 January 2020. He makes recommendations and submissions on matters requiring the Chairperson or Board's attention or approval. Aloma Shearer provides Te Kupenga's day to day accounting services. Annual financial statement preparation and specialist services are outsourced.

The Chairperson and GM meet regularly to discuss and advance strategic and operational matters influencing Te Kupenga's activities, and its medium to long-term focus and positioning.

# LOOKING FORWARD TO 2019/20

## Financial performance targets for 2019/20

The targets for 2019/20 reflect the following:

- △ A net profit of \$859,000;
- △ An operating profit of \$268,000 representing 35.4% of revenue; Return on own/held quota of 5.2%;
- △ Return on fisheries assets of 6.4%; and
- △ Return on the investment portfolio of 5.6%.

The Board and Management are committed to achieving the above targets. They consider the reduced hoki ACE available to the company for the time being and softer net gains derivable from Te Kupenga's investment portfolio until consistent market confidence returns, particularly with regard to global equities.

## Future strategy and operational thrust

The key focus of Te Kupenga for 2019/20 includes the following:

- △ Clarifying with MMTB the future role of Te Kupenga, pending its transfer to the PSGE structure;
- △ Participating and assisting where required with tasks and activities relating to PSGE development;
- △ Enhancing the effectiveness and efficiencies of Te Kupenga's business through continuing performance improvement initiatives;
- △ Securing the balance of Maniapoto iwi's quota entitlement;
- △ Building relationships and collaborating, where possible, on selected commercial projects in progress or proposed for the Rohe Pōtae having prospects for Maniapoto and socio-economic benefits for iwi members.

# CONCLUSION

The Board and Management of Te Kupenga confirm their commitment to the affairs of the company and contributing to improving the social and economic well-being of Maniapoto iwi.

Nō reira mā te Atua koutou e manaaki.

On behalf of Te Kupenga o Maniapoto Limited

Christopher Koroheke Chairperson of the Board

Ko Rangituataka kukume tangata ki  
runga.

*Rangituataka who gathered the people in the  
upper reaches of Mōkau.*

### 1 Reporting Entity

Maniapoto Māori Trust Board ("MMTB") is a charity registered under the Charities Act 2005, domiciled in New Zealand.

MMTB together with its consolidated subsidiaries Maniapoto Fisheries Trust ("MFT") and Te Kupenga o Maniapoto Limited ("TKOM") are referred to as "the Group".

The core activity of the Group is for a unified Maniapoto Iwi to achieve cultural and social wellbeing, environmental sustainability and economic growth and for the Maniapoto Iwi to engage in achieving the vision.

### 2 Basis of Preparation

The financial statements have been prepared on a going concern basis, and the accounting policies have been consistently applied throughout the period.

Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported. Consistent accounting policies are employed in the preparation and presentation in the Group financial statements.

#### *(a) Statement of Compliance*

The consolidated financial statements have been prepared in accordance with New Zealand Generally Accepted Accounting Principles ("NZ GAAP"). They comply with Public Benefit Entity International Public Sector Accounting Standards Reduced Disclosure Regime ("PBE IPSAS RDR") and other applicable Financial Reporting Standards, as appropriate for Tier 2 not-for-profit public benefit entities. The entity meets the following eligibility criteria: Expenses less than \$30 million and no public accountability. There have been no reclassification, recognition and measurement adjustments affecting the financial statements in adopting the new PBE accounting standards. The Trust Board has adopted the relevant disclosure concessions.

#### *(b) Measurement Basis*

The financial statements have been prepared on the basis of historical cost, except for investments that are recorded at market value and accounts receivable that are recorded at their estimated realisable value. The investments in the managed portfolio, the AFL shares, and intangible assets (Quota Shares) are recorded at fair value. The financial statements have been prepared on a going concern basis.

*(c) Functional Currency*

The financial statements are presented in New Zealand dollars and all values are rounded to the nearest dollar (\$0).

*(d) Goods and Services Tax*

All balances are presented net of goods and services tax (GST), except for receivables and payables which are presented inclusive of GST.

*(e) Accounting policies*

The Group adopted PBE IFRS 9 from 1 October 2018. All other accounting policies in the following notes have been consistently applied in preparing the financial statements for the year ended 30 September 2019 and the comparative information for the year ended 30 September 2018.

*(f) Use of estimates and judgements*

Estimates and judgements are made by management in applying the Group's accounting policies.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. Critical accounting estimates are described in notes 9 and 10(i).

*(g) Taxation*

The financial statements have been prepared on the basis that the Group is exempt from income tax as it is comprised of charitable organisations registered with the Charities Commission.

#### Policies

Revenue is recognised when the amount of revenue can be measured reliably and it is probable that economic benefits will flow to the Group, and measured at the fair value of consideration received or receivable. The following specific recognition criteria in relation to the Group's revenue streams must also be met before revenue is recognised.

### Revenue recognition

a) Contract funding

Contract funding is recognised when the requirements under the contract agreement have been met.

b) Crown and ECE Funding

Funding from the Crown and ECE is recognised when the income is receivable.

c) Dividend income

Dividend income from investments is recognised when the shareholders right to receive payment has been established.

d) Interest income

Interest income is recognised on a time basis using the effective interest method.

e) Rental income

Rental income is recognised on an accrual basis in accordance with the substance of the relevant agreement.

f) Nga Wai o Maniapoto

Funding is measured at the present value of the revenue expected to be required to settle the obligation using a treasury risk-free rate that reflects current market assessments of the same time value of money and the risks specific to the obligation.

The increase in the Funding due to the passage of time is recognised in Nga Wai o Maniapoto revenue as an unwind discount on the revenue receivable. Refer note 7.

g) Lease income

The Group derives income by leasing the ACE generated on quota for up to five years under operating lease arrangements. The lease payments are variable based on catch entitlements confirmed annually and where relevant, a share of the customers' net income earned from those entitlements. As the Group is unable to reliably forecast this income on a straight line basis of identification, it recognises revenue based on actual catch and performance for the relevant financial period. The revenue from this source is recognised when the transaction price is received or receivable in the fishing year to which it relates, the ACE has been supplied and there are no other performance obligations.

When revenue for ACE is received in respect of a subsequent year, the receipts in advance are carried forward in the Statement of Financial Position.

h) Gain on investments

Gain on investments are recognised both on an accrual basis upon revaluation of existing financial assets' fair value and when income is realised upon derecognition of financial assets.

<b>10,226,303</b>	<b>10,812,559</b>

#### Policies

Receivables are initially measured at fair value, then adjusted for any impairment and are classified as a Loan and Receivables financial instrument.

Accounts receivables are reduced through the use of an allowance account, Provision for Doubtful Debts. When a receivable is uncollectable, it is written off against the allowance account. A receivable is deemed to be uncollectable upon reference to the current customer circumstances and past default experience. Changes in the carrying amount of the allowance account are recognised in the Statement of Comprehensive Revenue and Expense.

Under the terms of the Nga Wai o Maniapoto (Waipa River) Act 2012, the Trust is to receive \$10,000,000 in year one and \$1,000,000 each year after over the next 20 years in settlement funding. This revenue has been recognised upfront and the related receivable discounted back at 4.69% using the treasury risk-free rate at the date of recognition. The funding receivable of \$13,000,000 has been discounted by \$3,556,677 to provide present value of \$9,443,323. The asset is fair valued only at inception and not required to be revised from thereon.

#### Policy

##### Measurement:

All property plant and equipment are stated at cost less accumulated depreciation. Revaluations are not performed.

##### Additions:

The cost of an item of property, plant and equipment is recognised as an asset only when it is probable that service potential associated with the item will flow to the group and the cost of the item can be measured reliably. An item of property, plant and equipment is initially recognised at its cost.

## 8 Property, Plant and Equipment (Continued)

### Disposals:

Where an item of property, plant and equipment is disposed of, the gain or loss is recognised in the Statement of Comprehensive Revenue and Expense is calculated as the difference between the sale price and the carrying amount of the asset.

### Depreciation:

Depreciation is provided on property, plant and equipment, including freehold buildings. Depreciation has been determined by the estimated useful life of the asset and is calculated on a diminishing value basis.

The following methods are used in the calculation of depreciation:

	Method	Rate
Vehicles	DV	25% - 30%
Furniture & Fittings	DV	0% - 30%
Office Equipment	DV	10% - 67%
Computer Equipment	DV	10% - 67%
Plant & Equipment	DV	16% - 67%
Buildings & Property	DV	0% - 13%

At each balance date, the useful lives of property, plant & equipment are reviewed. Assessing the appropriateness of useful life estimates of property, plant, and equipment requires a number of factors to be considered such as the physical condition of the asset and the period of use of the asset by the Group.

An incorrect estimate of the useful life will affect the depreciation expense recognised in the Statement of Comprehensive Revenue and Expense, and carrying amount of the asset in the Statement of Financial Position. The Group minimises the risk of this estimation uncertainty by physical inspection of assets and asset replacement.

The Group has not made significant changes to past assumptions concerning useful lives.

### Impairment:

At each reporting date, the Group reviews the tangible and intangible assets to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use (estimated future cashflows).

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Comprehensive Revenue and Expense immediately.

## 9 Intangible Assets

### Recognition and measurement:

Intangible assets that are acquired by the Group are measured at fair value and reviewed annually.

Intangibles include “settlement” quota and “normal” quota. Quota Shares have an indefinite useful life and will generate economic benefits beyond one year. Quota Shares are recorded at fair value annually. Fair value for settlement quota has been determined by an external party, Arantis Limited, using the Earnings Capitalisation methodology; which has been approved by the trustees. Fair value for normal quota has been determined by using market evidence as current market prices.

### 9 Intangible Assets (Continued)

Increases in the carrying amount arising on revaluation of Quota Shares are credited to other reserves (in the Consolidated Statement of Movements in Equity). Decreases that offset previous increases are charged against other reserves; all other decreases are charged to the Consolidated Statement of Comprehensive Revenue and Expense.

#### *i) Settlement Quota Shares*

Maniapoto's share of deepwater settlement quota shares was valued on settlement at \$5,445,106. Further quota shares were received in September 2012, valued at \$1,184,000. These quota shares have been recognised by the Group at 30 September 2019 at fair value of \$4,220,000 (2018: \$4,329,000) based on an external valuation, approved by the trustees, to reflect the income earning potential of the quota to the Group. These quota shares are subject to various restrictions, including restrictions over the sale and transfer (but not over sale of ACE), in accordance with the Māori Fisheries Act 2004. Key assumptions made in the valuation of Settlement Quota Shares include:

- reduced maintainable earnings compared to last year due to changes in total allowable commercial catch;
- maintainable earnings capitalised at a cost of capital range of 7.7% to 7.8%, which incorporates a long-term risk free rate of 1.7%, decreased from 2.7% used last year to reflect changes in long term forecasting;
- a mid-point valuation was selected between the valuer's low and high range.

#### *ii) Normal Quota Shares*

Normal quota shares represent non-settlement quota shares purchased by the Group. They have been recognised by the Group at 30 September 2019 at fair value of \$588,000 (2018: \$586,618), based on an external valuation, approved by the trustees, to reflect the market prices of the quota.

### 9 Intangible Assets (Continued)

#### Subsequent expenditure:

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in the Statement of Comprehensive Revenue and Expense when incurred.

#### Impairment:

For impairment of intangible assets, refer to note 8.

### 10 Investments

#### *i) AFL Income Shares*

As part of the settlement, the Group also received 4,543 (out of a total 125,000) income shares in Aotearoa Fisheries Limited (AFL). On 17 December 2012, these shares were increased to 9,086 through the issue of further 4,543 income shares in AFL by way of a bonus share issue of AFL. These AFL shares have been recognised by the Group at 30 September 2019 at fair value of \$4,900,000 (2018: \$4,380,000) based on an external valuation, approved by the trustees, to reflect the income earning potential of the shares to the Group. These AFL shares have no voting rights and are subject to various restrictions, including restrictions over sale in accordance with the Māori Fisheries Act 2004.

The investment in the AFL shares is recorded at fair value annually. Fair value has been determined by the trustees using the Dividend Capitalisation methodology.

Key assumptions made in the valuation of AFL income shares include:

- estimate of AFL's maintainable earnings (including that of its associates), attributable to the Group as a 3.63% income shareholder;
- dividend policy pay-out of 40%;
- an asset-based discount rate of 7%;
- the Group's entitlement to cash-out tax credits attached to dividend income;
- a mid-point valuation was selected between the valuer's low and high range.

Increases in the carrying amount arising on revaluation of AFL shares are credited to other reserves (in the Consolidated Statement of Movements in Equity). Decreases that offset previous increases are charged against other reserves; all other decreases are charged to the Consolidated Statement of Comprehensive Revenue and Expense.

#### **Policy**

The group classifies an investment in another entity as an associate when it has significant influence but not control. This is typically evidenced by an equity and voting interest between 20% and 50% and representation on the governing body.

#### *ii) Managed Investment Portfolio*

Investments in the Managed Portfolio have been recorded at their market value. All gains and losses incurred on investments have been recognised in the Statement of Comprehensive Revenue and Expense.

\*Also known as Fair Value Through Other Comprehensive Revenue and Expense

**14 Financial instruments (continued)****(i) Non-derivative financial instruments**

Non-derivative financial instruments comprise investments in term deposits, receivables, cash and cash equivalents and payables.

Non-derivative financial instruments are recognised initially at fair value, plus, for instruments not at fair value, they are recognised through the Statement of Comprehensive Revenue & Expense with any directly attributable transaction costs. Subsequent to initial recognition non-derivative financial instruments are measured as described below.

A financial instrument is recognised if the Group becomes a party to the contractual provisions of the instrument. Financial assets are derecognised if the Group's contractual rights to the cash flows from the financial assets expire or if the Group transfers the financial asset to another party without retaining control or substantially all risks and rewards of the asset. Purchases and sales of financial assets are accounted for at trade date, i.e., the date that the Group commits itself to purchase or sell the asset. Financial liabilities are derecognised if the Group's obligations specified in the contract expire or are discharged or cancelled.

***Cash and cash equivalents***

Cash and cash equivalents comprise cash balances, call deposits and other highly liquid investments with maturities of three months or less. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the Statement of Cash Flows.

***Fair value through revenue and expense/other comprehensive revenue and expense***

Financial assets at fair value through other comprehensive revenue and expense include the Managed portfolio which includes assets held for the purpose of trading, being actively managed to maximise financial return. Investments in the portfolio with short term maturity dates are classified as current assets.

Financial assets at fair value through other comprehensive revenue and expense include AFL shares and are those that are designated into the category at initial recognition. They are included in non-current assets unless management intends to dispose of, or realise, the investment within 12 months of balance date. The Group includes in this category:

- investments that it intends to hold long-term but which may be realised before maturity; and
- shareholdings that it holds for strategic purposes.

These investments are measured at their fair value, with gains and losses recognised in other comprehensive revenue & expense, except for impairment losses, which are recognised in surplus or deficit. The gain or loss does not include interest or dividend income.

On derecognition, the cumulative gain or loss previously recognised in other comprehensive revenue and expense is reclassified from equity to surplus or deficit.

***Receivables***

Receivables are recorded at the amount due less any provision for uncollectability.

***Payables***

Payables are recorded at the amount payable.

***Loans and receivables***

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after balance date, which are included in non-current assets.

### 15 Other Reserves

These reserves record movements in the valuation of Quota and AFL income shares. Increases in the carrying amount arising on revaluation are credited to these reserves. Decreases that offset previous increases are charged to these reserves.

#### *Reconciliation to reserve account*

	Share reserve
<b>Opening reserves at 1 October 2018</b>	1,338,780
Gain/(loss on Quota shares	(107,618)
Gain/(Loss) on AFL Income shares	520,000
<b>Closing reserves at 30 September 2019</b>	<b>1,751,162</b>

### 16 Commitments

#### (a) Operating Lease Commitments

There are no operating lease commitments as at 30 September 2019 (2018: nil)

#### (b) Capital Expenditure Commitments

The Group approved an investment of \$1,000,000 in Te Puia Tapapa (TPT) (2018: \$1,000,000). Payment will be made in tranches on the advice of TPT.

#### (c) ACE Lease Income

The Group's ACE lease income contracted for future years is estimated as follows. The estimates were made on the basis of current TACC levels for each fishstock and at current ACE lease prices. The estimations exclude the profit share as that component cannot be reliably estimated:

Next year	\$544,322
2 – 5 years	\$1,456,104
Over 5 years	Nil

### 17 Contingent Liabilities

There are no contingent liabilities as at 30 September 2019 (2018: nil)

### 18 Subsequent events

No material events occurred subsequent to the Statement of Financial Position dated 30 September 2019 (2018: nil).

### 19 Trust Board's Intention to Transition to New Tribal Structure

The Maniapoto Māori Trust Board (MMTB) Trustees have support from Iwi to wind up the MMTB and transition to a new tribal infrastructure. From a legal perspective, the ability to do this has not yet been confirmed. Until this time the organisation will continue to operate as a going concern and the 2018-2019 financial statements have been prepared on this basis.

### 20 CNI Settlement Funds Term Deposit

Maniapoto Māori Trust Board (MMTB) hold funds on behalf of the post settlement governance entity for Maniapoto. MMTB can utilise interest accrued on the balance held in trust to fund certain costs relating to the Treaty of Waitangi claim.

Upon the establishment of a Crown approved post settlement governance entity for Maniapoto the balance in the trust account shall be paid to that entity.

# Maniapoto Māori Trust Board Group

## Notes to the Financial Statements

For the year ended 30 September 2019

### 21 Related party transactions

#### (i) Controlling Entity

Maniapoto Māori Trust Board ("MMTB") is the ultimate controlling entity of the group. MMTB is not controlled, or subject to significant influence by any other one entity or individual.

#### (ii) Key Management Personnel Remuneration

The Senior Leadership Team is made up of the senior staff responsible for reporting to the Trustees and the CEO responsible for the operations of the Group and includes the General Manager of the subsidiary. Governance costs are made up of the Trustees and Directors of the Group.

# Maniapoto Māori Trust Board Group

## Notes to the Financial Statements

For the year ended 30 September 2019

### 21 Related party transactions (continued)

#### Key Management Personnel - Te Kupenga o Maniapoto

The General Manager is a Director of Arantis Limited, which provides valuation, ACE management and consultancy services to the Company for which \$84,511 (2018: \$93,150) was paid for the year.

#### (iii) Transactions with other related parties

The Group transacts with other related parties in the normal course of their business. Such entities include those related by virtue of common or substantially common ownership and governance/management.

#### Other Related Parties

During the year, the Group received the following sales from other related parties and at year end the following balances remained due:

	Sales to 2019 \$	Receivable 2019 \$	Sales to 2018 \$	Receivable 2018 \$
Kaumaatua Kaunihera	-	-	1,014	-
	-	-	1,014	-

During the year, the Group made the following purchases from other related parties and at year end the following balances remained owing:

	Purchases 2019 \$	Payable 2019 \$	Purchases 2018 \$	Payable 2018 \$
Regional Management Committees (RMC's)	48,000	8,000	56,255	56,000
Kaumatua Kaunihera	-	-	100	-
Tuhono	-	11,661	8,950	4,937
Taumarunui Community Kokiri Trust (TCKT)	92,000	-	53,715	23,000
	140,000	19,661	119,020	83,937

MMTB comprises of members of Maniapoto of whom affiliate to various marae within Maniapoto. MMTB acknowledges all members of MMTB belong to marae within Maniapoto. The Marae are grouped into seven RMC's, to which MMTB provides annual grants and in certain cases letters of support for Marae based funding.

The Kaumaatua Kaunihera comprises of elders of Maniapoto of whom affiliate to various marae within Maniapoto.

TCKT was contracted to deliver on Ministry of Education Outcomes Agreement contract held by MMTB.

Tuhono is the employer of a trustee to whom attendance fees and mileage are directly paid.

All related party transactions are invoiced on normal trade terms.

## ***Independent auditor's report***

To the Trustees of the Maniapoto Māori Trust Board Group

We have audited the consolidated financial statements which comprise:

- the consolidated statement of financial position as at 30 September 2019;
- the consolidated statement of comprehensive revenue and expense for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cashflows for the year then ended; and
- the notes to the financial statements, which include significant accounting policies and other explanatory information.

### ***Our opinion***

In our opinion, the accompanying consolidated financial statements of Maniapoto Māori Trust Board Group (the Trust), including its subsidiaries (the Group), present fairly, in all material respects, the financial position of the Group as at 30 September 2019, its financial performance and its cash flows for the year then ended in accordance with Public Benefit Entity Standards Reduced Disclosure Regime.

### ***Basis for opinion***

We conducted our audit in accordance with International Standards on Auditing (New Zealand) (ISAs (NZ)) and International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Group in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* (PES 1) issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Our firm carries out other services for the Group in the areas of accounting services. The provision of these other services has not impaired our independence as auditor of the Group.

### ***Information other than the consolidated financial statements and auditor's report***

The Trustees are responsible for the annual report. Our opinion on the consolidated financial statements does not cover the other information included in the annual report and we do not, and will not, express any form of assurance conclusion on other information. At the time of our audit, there was no other information available to us.

In connection with our audit of the consolidated financial statements, if other information is included in the annual report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of our auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact.

### *Responsibilities of the Trustees for the consolidated financial statements*

The Trustees are responsible, on behalf of the Trust, for the preparation and fair presentation of the consolidated financial statements in accordance with Public Benefit Entity Standards Reduced Disclosure Regime, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Trustees are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

---

### *Auditor's responsibilities for the audit of the consolidated financial statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A further description of our responsibilities for the audit of the consolidated financial statements is located at the External Reporting Board's website at:

<https://www.xrb.govt.nz/standards-for-assurance-practitioners/auditors-responsibilities/audit-report-7/>

This description forms part of our auditor's report.

---

### *Who we report to*

This report is made solely to the Trustees, as a body. Our audit work has been undertaken so that we might state those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trust and Trustees, as a body, for our audit work, for this report or for the opinions we have formed.

---

The engagement partner on the audit resulting in this independent auditor's report is Matthew White.
